Mr. Von Raymond,
Human Resource manager
MyJobMag FlySafe Nigeria
7 Atunwa street,
Opebi,
Lagos.

Dear Mr. Von,

It is with great enthusiasm that I apply for the post of a flight attendant at FlySafe Nigeria that was posted on the company's career page. With a bachelor's degree in public health, a master's degree in health, safety and environmental management and my interest in customer service I am sure that my skill and knowledge will be of great value to the position.

As a first class graduate of public health not only did I excel in my studies, I also emerged as the best trainee during my industrial training at Lagos Airport.

My background and training in public health, HSE, and customer service has made me used to caring about people's health, pay attention to safety measures and has fostered my drive towards customer satisfaction and retention. During my industrial attachment I built on my interest and acquired skills like;

- Proper people management
- Attention to details and sensitivity to risks and hazards
- Customer engagement strategy
- Project management

All of which will contribute immensely to the success of this role.

With my interest in people management and my drive for promoting a safe environment for humans, I have always been thrilled with FlySafe Nigeria vision to promote a very safe environment for everyone. Having the opportunity to be a part of this vision will be a dream come true for me. As nothing could be more satisfying.

I look forward to an opportunity for a scheduled time to discuss about how I fit into the position. I will send you mail in a weeks' time for a follow up. Thank you for the consideration.

Sincerely,

Deborah Adams
