Mr. Peter Samson,
Hiring Manager
MyJobMag NewLife Specialist Hospital
7 Atunwa street,
Opebi,
Lagos.

Dear Mr. Peter,

I was pleased to learn of the need of an ICU Staff Nurse that was advertised on your career website. Looking at the job description, it is quite clear to me that my goals and experience will be of great value to this company.

With more than 8 years' experience as an Intensive Care Nurse, I am adept in patient care, education, and assessment. My on-the-job experience has afforded me a robust skillset including first hand observation and leadership abilities. I excel at;

- Monitoring telemetry and patient conditions
- Responding to emergent situations
- Assisting patients with good medical hygiene and grooming
- Leading nursing staff and trainees (students) to improve patient care
- Educating patient family about conditions and treatment procedures

In addition to my qualifications and personal qualities, I have a strong educational foundation in nursing and general health care and passion for caring for the sick.

I have been thrilled by MyJobMag NewLife Specialist Hospitals' vision to provide the best health care services to everyone in Nigeria and beyond. I am really enthusiastic about general hospital aim on improving man's health and would welcome the opportunity to be a part of the vision and contribute to the health care system in Nigeria.

I would welcome the opportunity to discuss how I fit into the position and the company.

Sincerely,

John Ayomide
