Dear Mr. /Ms. LastName:

I was really excited when I saw the internship vacancy for ABC Company. With digital marketing certifications, experience and my desire for growth, I know that I would be able to perform in the capacity of an intern in the best of abilities.

Aside from the fact that I am a certified digital marketer, I am an analytic, insightful and also a fast learner. My experience and expertise in creating digital marketing strategies (SEO and PPC) and my exposure to various analytics soft wares, I believe that I would contribute immensely to this company as an intern.

Considering my digital marketing and analytics skills, hiring me as a digital marketing intern will mean an immediate assistant to the digital marketing team of the company. Hiring me as a digital marketing intern will translate to a strong support to the digital and social media activities of the company.

Knowing that this company is a major player in the digital marketing sphere, getting hired as an intern will provide me with the opportunity to develop my digital marketing skills as I thrive to positively contribute to the success of this company.

I look forward to discussing my qualification for this position. Thank you for your consideration.
